European Physical Education Association

Founded in 1991

WE ARE

- 🐦 The umbrella organisation of the national Physical Education Associations in Europe
- 🐦 A powerful lobby for more and better Physical Education in Europe, representing 200.000 members in 32 countries
- 🐦 Cooperating with other international agents and associations like ICSSPE, FIEP, ENGSO, AIESEP, HEPA...
- 🐦 Organisers for local, national and international actions, congresses and sport events

OUR MISSION

EUPEA, as the expert group in Physical Education in Europe, supports and helps to found Physical Education organisations and convinces decision makers in Europe to ensure that Physical Education will be taught by well trained Physical Education teachers with adequate resources, and that Physical Education is a part of the core curriculum at all school levels in order to have well educated students.

EUPEA BELIEVES THAT

Education is concerned with the total development and well-being of every child and young person. Physical Education makes a unique contribution to the education of all learners and enhances physical, social, emotional and cognitive development.

Quality Physical Education is a regular planned programme of activities throughout the entire school years.
